**#DigiInventors Challenge 2023:
Secondary School Edition**

Calling all creative minds! Get ready to unleash your entrepreneurial spirit and dive into the world of digital innovation. Let us spark your imagination, equip you with valuable digital skills, and open doors to exciting careers in the digital health and care sector.

This year's question: "Develop an idea for a digital health and care solution that uses SMART Technology to help young people's mental health and wellbeing, especially when dealing with peer pressure or being bullied. Earn extra points if your idea has a positive impact on our environment and supports efforts to reach net carbon zero".

Please share with you networks as we want as many secondary schools across Scotland and the UAE to participate!
